

"Show us you're Kiwanis Stars"

We all know that every New England and Bermuda Kiwanis Club does amazing things - and I would love to see what your club has done!

Please send me your videos, radio spots, newspaper clippings, magazine articles - anything and everything in the news that screams out what your club has accomplished.

It's simple - every time you induct a new member or have an event, take a photo send it to your local newspaper! Local news is great, and editors are always looking for quality community photos.

If your local cable system has a community access channel , work with them to produce a video highlighting your clubs activities and accomplishments.

Then, email what you have done to me, Gayla Bartlett, District Public Relations Chair, at gayla458@gmail.com

We will award a Governor's Public Relations trophy to the club that demonstrates the most creative way of getting the Kiwanis word out there, and banner ribbons to every club that sends me an example of what they've done to spread the word

We all love our clubs, and what we do – it's time to shout it from the rooftops!

Gayla
